Rescue Unit Report from Kale Village in Zambia

In Kale Village, Teen Missions International has launched a remarkable initiative focused on both health and spiritual outreach. We arrived with medical supplies, ready to address the pressing health issues faced by the community. Our mission went beyond medicine; they sought to share hope and faith. As we set up a makeshift clinic, they were met with enthusiasm and curiosity. Residents lined up, not only for medical care but to learn about the love of Christ. Each consultation began with kindness, followed by prayer, establishing trust and rapport as we listened to the villagers' stories, offering both medical advice and spiritual guidance. One particular resident, an elderly woman named Mama Amina, was suffering from chronic pain. After receiving treatment from the team, she expressed immense gratitude, saying she felt renewed. Inspired by her experience, Mama Amina invited her neighbors, sparking a ripple effect. Through testimonies of healing and compassion, the team witnessed an outpouring of faith. Many villagers (48) accepted Christ, eager to join weekly gatherings. By the end of the outreach, God had not only healed bodies but also transformed hearts, creating a vibrant community of faith in Kale Village.
